About WRK

CANGZHOU WORLD CUP TRADING CO..LTD

We are a finest manufacturer and supplier of scaffolding & formwork with accessories, Construction equipments, Metal Products, and building container house etc.

WRK company owns advanced production equipment and experienced technical personnel. 3 automatic casting production machinery lines to provide timely delivery and shipment

20 sets large, medium and small stamping equipment to ensure the supply of hardware accessories, more than 10 sets welding stations and CNC machinery stations to provide efficient production.

WRK family factories mainly produce casting iron and casting steel products (formwork wing nut, tie nut, prop nut, jack nut, steel cone.hex nut,rapid clamps,formwork clips,wedge clamp, ringlock ledger head, brace head,cuplock top cup, ledger etc.), types of metal parts (BFD clamps, waller plate, base plate, G pins, Rosette, Wedge pins, types of ring, other OEM parts), fast building foldable prefab container house for building companies.

We cooperated with worldwide business partners, USA, Canada, Europe Union, Brazil, Australia, Africa, Middle-East, and Southeast Asia. We try our best to supply quickly and reliably products and service to the worldwide clients

Presales technical assistance:

We provide best solution for our customer and potential customer requirment, before our cutomers order from us, our pre-sales must clearly understanding customer's marketing technical standards, then we list several soluctions for reference, after carefully discussing, we finally choose the best one for our customer.

After sales technical assistance

We have rich experince for supplying standard aftersales service, our after sales starts from the moment our goods shipping, we ensure every customer gets a good service for goods, quality,application,deliverying,documents, and marketing developing etc. The Processing of Production:

We have our processing system for production lines arrangement, every order we give strictly process requirment to our workers to ensure every items can be best standards.

WRK trains every employees to be a professional wokers in their operating post, every week has department training for vocational skills, also every month has a test for these skills standards, we never stop, we are always on the way to be better supplier!

Our **Advantages**

We believe that long-term customer relationships are built on 3 factors

Our Pricing

"Most, if not all, of our items are production by our own factories. Therefore, we have the ability to give you quality products at competitive prices."

Our Services

"We Believe In Service!" is our company motto and we live by it. Our friendly, fast, efficient and reliable sales personnel are always available to take your orders and assist in any questions you may have.

Our Inventory

"Being one of Chinese larger produce and export company with a warehouse capacity of 8,000 sq., we are able to keep stock of our items in sizeable quantities. This ensures we are ready to deliver with minimum delays"
